CHAT WITH THE CHAIR

JULY SPECIAL EDITION 2013

Dear Neighbors

I hope you are enjoying another amazing summer in Milwaukee County. Summerfest, the 4th of July and the South Shore Frolics have all come and gone, but there is still so much to see and do before we start thinking about the fall. This has been a very busy and eventful month for the County Board. One of the biggest things to happen in the last month was the big Courthouse fire. It kept us **out of our offices, but didn't keep us from representing the people of Milwaukee County and doing the job we're elected to do.** I look forward to getting back into our "home". **Speaking of home, thanks to everyone who put together an amazing South Shore Frolics, including the return of the parade this year.** I had a great time helping show off everything Bay View has to offer. Whether you are going to the parks, a festival, a Brewers game or just enjoying the weather at home, have a safe and wonderful rest of the summer!

Courthouse Fire

Many of you have heard about the fire this month at the Milwaukee County Courthouse. It was an electrical fire that caused a lot of damage to the building and knocked out power.

The County Executive closed the entire Courthouse for a week. As you can imagine, this has been a challenging time for the Board. We are determined to keep the Legislative **branch open for business... and it's been a success!**

This has meant a lot of hard work and a lot of cooperation.

We want to thank our friends in the Division of Disability Services division for accommodating us at the Coggs Center. It was an amazing example of county departments working together to help get the job done.

We also owe a great deal of thanks to Milwaukee Area Technical College. We held a County Board meeting and multiple committee meetings at MATC. President Dr. Michael L. Burke and his staff have been more than generous of their time, space and resources.

At the courthouse there is a monumental cleanup and repair job underway. The entire electrical system needs to be replaced. Crews have been busy replacing ceiling tiles, carpet and cleaning all one million square feet of the building.

Again I want to thank our staff, our friends at MATC, the Coggs Center and everyone working hard to get the Courthouse up and running again!

Hours Against Hate Campaign

Milwaukee County Board Chairwoman Marina Dimitrijevic joined a global initiative to help promote respect across lines of culture, religion, tradition, class, sexual orientation and gender by participating in the Hours Against Hate campaign. The organization's goal is to recruit five hundred individuals to commit one hour toward fighting bigotry.

Dimitrijevic signed the pledge on July 11 and worked the phones for 9to5, National Association of Working Women, to promote the July 17 "Know Your Rights" training session and the community canvass 9to5 will sponsor on July 13.

"Wage discrimination is unacceptable, and it is a form of discrimination against all women," Dimitrijevic said.

"Joining Hours Against Hate and 9to5 in fighting discrimination is one way we can help to end the injustice of wage theft and bias against women. Discrimination against women is a form of hate, and we must fight to end it."

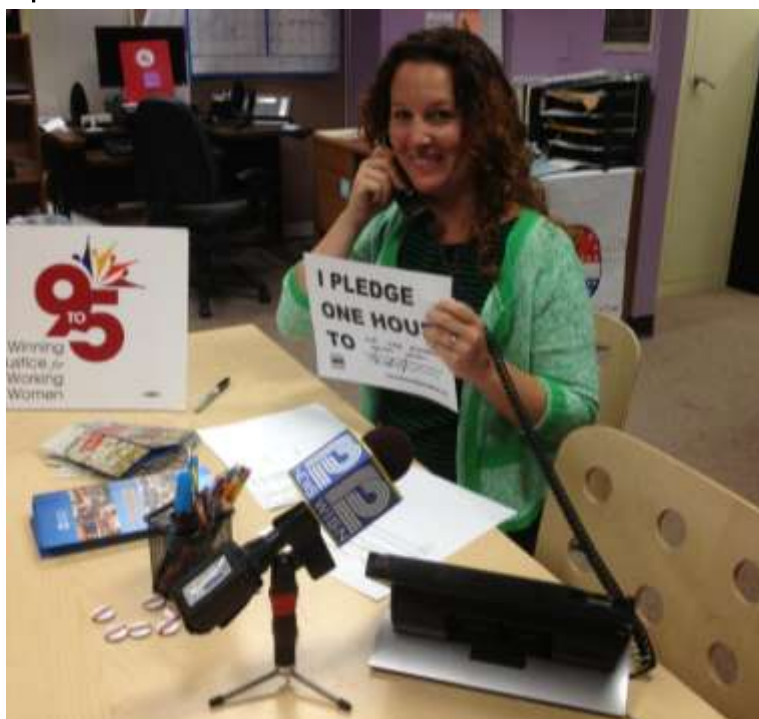

Conceived from a Facebook campaign started by the U.S. Department of State in 2011, the message of Hours Against Hate is simple in its power: Pledge support of those **who don't look like you, pray like you, love like you or live like you.**

"We ask everyone who is outraged by hate to pledge an hour to help end it," Dimitrijevic said. "We won't tell you how to spend your hour. We simply ask that you take action."

Elana Kahn, director of the Milwaukee Jewish Federation's Jewish Community Relations Council, said Hours Against Hate is one small way in which hatred can be defeated. The mission of the Milwaukee Jewish Federation is to ensure the continuity of the Jewish people, to enhance the quality of Jewish life and to build a strong unified Jewish community in Milwaukee, in Israel and throughout the world. The Jewish Federation is sponsor of the program.

"This is a program that engages everyone," Kahn said. "We want to build a stronger, more tolerant world, and Hours Against Hate is one way with which we can help increase understanding of those who are different from ourselves."

Individuals can join the campaign at www.hoursagainsthate.org.

Harry Kemp, A Favorite Bus Passenger

Special to BusLines, from Mrs. Vicki Singh, MPS High School teacher and a faithful bus passenger herself

On September 29, Harry Kemp was noticeably absent at a Thursday Brewers game. As his sister, Yvonne, entered the stadium, she was told no one had seen Harry. She thought that was unusual, so calling his apartment as she walked to her car, she headed to the Astor Hotel where Harry lived for 35 plus years. She walked in and there was Harry, asleep in his favorite chair. He was gone!

Harry T. Kemp was a fixture on all of the buses. As a passenger, many drivers knew him from his famous enormous tote with all his photographic material in it. He had been a bus rider for more than 40 years and a photographer for 58 plus years. Any place there was a **"happening," Harry was there.**

Years ago Harry contracted with the Brewers and the Bucks to be one of their feature photographers. Harry garnered these contracts and shared his photos with the local Milwaukee Community Journal and the local Milwaukee Courier sports editors. He also shared his photos with other media outlets, designated by the Brewers and Bucks organizations. Harry was an Air Force veteran. Born 78 years ago in Racine, Wisconsin, Harry was known all over the city, as the man who chronicled the social society **calendar of the "who's who" of Milwaukee's African American Community.**

Friday, October 7, 2011, the Wisconsin Black Historical Society, hosted a community gathering to celebrate the life and times of Harry T. Kemp. His sister Yvonne had a photo exhibition, dating back many years. In addition, she provided other media presentations so the attendees could take in the breadth of work Harry had achieved over the years. Present at this celebration were County Executive Chris Abele, Mayor Tom Barrett and Congresswoman Gwen Moore. A host of city, county and state elected officials were there to show their support. Many brought awards or commendations representing their respective branches of government.

More than 300 friends and community people from every station were there to support the family with love and warm wishes. Amalgamated Transit Union Local 998 was represented with their uniforms and personal attire. The early part of this year, Harry had been admitted into V. A. with health issues. He had a stroke, from which he battled back, only using just a cane, at times to get around. Drivers were encouraging and thoughtful, remembering how effortlessly he would run to catch the bus he needed. It

MCTS Director Juneau & Chairwoman Dimitrijevic remember Harry Kemp

became a struggle to run and gingerly hop on a fleeting #30, #15 or #12 bus. All managed to accommodate him and his steady bus pass without a second glance. He wanted to do everything on the bus and he did. Whether with a walker or a cane, these Local 998 members made his ride a pleasant experience. They showed compassion and deep reverence for Harry and his short periods on the bus with them.

Knowing many by name, Harry was as admiring of them as they were of him. Whether talking about sports, the weather or politics, Harry had drivers that called him **"friend."**

Yvonne, JoAnne and the entire Kemp family sincerely thank **everyone who assisted in making their brother's life a** useful and productive one. Many have played small but significant roles as they interfaced with their brother, Harry. An independent man, always on a mission, he will be missed on the Avenue, on the bus, and in our lives.

Recent happenings around the former Park East freeway corridor:

- Milwaukee Area Technical College will occupy a 45,000 -square-foot building on North Sixth Street left vacant after Everest College moved out.
- Milwaukee School of Engineering announced plans in May to buy and complete the unfinished Staybridge Suites building on North Water Street as apartments for graduate students and faculty.
- **Apartments in the second phase of Mandel Group Inc.'s** North End development in the Park East corridor hit a 70 percent lease-up in June. A third phase with 180 apartments and a grocery store is in the works.
- NEWaukee, a young professionals organization, is working with city of Milwaukee officials to create the first public park in the corridor on a vacant site on West McKinley Avenue.

Bay View Dog Exercise Area Opening

A new off-leash dog exercise area (DEA) is coming to Bay View thanks to a partnership between the City of Milwaukee and Milwaukee County. The groundbreaking ceremony is

scheduled for Wed., July 31 at 10 a.m., at East Lincoln Avenue and South Bay Street.

“As an off-leash dog park, this city-owned property will become a true asset in the Bay View neighborhood,” said City Alderman Tony Zielinski.

The City will pay Milwaukee County to develop and operate the new dog exercise area.

Currently, dog owners in Milwaukee County are served by five dog exercise areas operated by the Milwaukee County Parks Department.

“The Parks Department has been successful in operating Granville, Runway, Currie, Warnimont, and Estabrook DE-

As,” said Milwaukee County Board Chairwoman Marina Dimitrijevic. **“Patrons of the Bay View DEA will use the same permit system in use at these other dog exercise areas. Bay View’s dog owners will now have a place for their dogs to frolic and play. It’s good for dogs and dog owners, and it’s good for the neighborhood. This shows what can be done when the City of Milwaukee and Milwaukee County partner to improve neighborhoods.”**

DEA Permits allow admission to any of the Milwaukee County dog exercise areas. The annual permit fee for a Milwaukee County resident with one dog is \$25, and each additional dog is \$5. Discounts are available for seniors and persons with disabilities. Non-resident fees are slightly higher.

Rules and regulations of the dog exercise areas are enforced by Milwaukee County Park Rangers.

Save Water with MMSD

RAIN BARREL SEASON IS HERE

You can reduce water pollution, lower your water costs and
help preserve Lake Michigan -- all by capturing water
from your roof's downspout into a rain barrel. Rain barrels
are fun and easy to install!

The MMSD Rain Barrel program was created to reduce the
amount of storm water entering the District's system, as a
part of our "Every Drop Counts" campaign.

Rain barrels store 55 gallons of rainwater from your roof
that you can use when it's dry to give thirsty gardens, flow-
ers and trees a drink. Rain barrels help keep excess water
out of the sewer system when it rains. They also help pre-
vent rain from becoming polluted stormwater runoff, the
biggest remaining threat to clean water in the United
States.

[CLICK HERE](#) to see the list of retail and non-profit organi-
zations that promote and sell rain barrels across the sewer
service area; increasing the ease to purchase, while
spreading the message of how all in our community can be
active in improving water quality.

For more information about rain barrels and how they can
benefit you and your household, visit the MMSD website at
